Pike Street roadway restoration

July 31, 2024

Dear Neighbor,

Puget Sound Energy was previously in your area replacing the underground natural gas main. Now that the natural gas work is complete, AA Asphaltting, LLC. will be returning to restore the impacted roadway, sidewalk and/or ramps. We're committed to completing our work safely and efficiently, and our crews will do their best to reduce impacts to you and your neighbors. Please see below for project details.

Project details

Who: Restoration crews from AA Asphaltting, LLC.

What: Replacing temporary asphalt patches with final restoration

When: Expected to begin the Saturday August 3, for approximately 2 months
Typical work hours: Saturday and Sunday, 9 a.m. to 3 p.m.

Where: Pike Street, between 4th Avenue, 5th Avenue, 6th Avenue, and 7th Avenue, Seattle (please see map on reverse)

What you can expect

- There will likely be noise from trucks and heavy machinery
- Traffic control flaggers, signs, and uniformed police officers will guide vehicles and pedestrians safely around the restoration area
 - **Pike Street will be closed thru traffic with local access only**
 - A portion of the sidewalk on Pike Street will be closed. Detour signs will be posted
- Some street parking will be impacted. "No parking" signs will be placed in the area prior to work beginning
- We'll work to maintain access to driveways whenever possible, in coordination with impacted neighbors
- **This work shouldn't impact natural gas service to PSE customers**

Thank you for your patience as we complete this work. If you have questions or concerns about this restoration work, please contact me at the information below and reference project **#107050663**.

Sincerely,

Don Sorensen, PSE Project Manager
